

Gymnastics at Talacre

Children from years 3-6 took part in a gymnastics competition against fellow Camden pupils at Talacre Sports Centre. The team had great fun performing routines in three categories; vault, working together and core skills.

Year 4 At The Science Museum

A day of joyful discovery awaited Year 4 when they visited the Science Museum. In the amazing Wonder Lab, they explored states of matter, light, sound and forces in a range of exciting hands-on activities. They also learned about how science in the home has changed over the centuries and marvelled at some of the earliest labour-saving devices. They even played one of the first games consoles from 1978.

Year 2 At the RAF museum

On Monday, Year 2 enjoyed a day out at the RAF Museum to look at the range of different aircrafts through the ages. They took part in a workshop which allowed them to use both their history and science skills as they explored the different materials used to create planes in WW1. What a fantastic trip!
